Dear Tony:

We are enclosing the Second Addendum to the proposed Mine Plan dated December 11, 1993. In a meeting with Pete Sokolosky, Vernal District Office of the BLM, additional data was requested on several points. During a phone conversation with Allen Vance of the Utah State Office of the BLM he told me that your office had some concern about the manner in which the shafts would be sealed. We therefore have included a detailed explanation of the sealing of the shafts. I hope that this will satisfy your questions.

Ziegler Chemical & Mineral Corporation would like you to know that they appreciate your working with the BLM in order to help expedite the approvals for the Mine Plan.

Very truly yours,

ROBERT E. COVINGTON, CPG #1705  
CONSULTANT FOR ZIEGLER CHEMICAL & MINERAL CORPORATION
